TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the town of Raymond, in the County of Rockingham and said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Odd Fellows Hall in said Raymond on Tuesday, the 14th day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ART. 2. To raise such sums of money as may be necessary to defray all town charges for the ensuing year and make appropriation for the same.

ART. 3 To fix compensation for collection of taxes for the ensuing year.

ART. 4 To see what sum of money the town will vote to raise and appropriate for town maintenance including snow.

ART. 5 To see what sum of money the town will vote to raise and appropriate for street lighting.

ART. 6 To see what sum of money the town will vote to raise and appropriate for Memorial Day.

ART. 7 To see what sum of money the town will vote to raise and appropriate for the fire department including forest fires.

ART. 8 To see what sum of money the town will vote to raise and appropriate for Dudley Tucker library.

ART. 9 To see if the town will vote to make a discount of 3% on all property taxes paid on or before July 1st 1933.

ART. 10 To see if the town will vote to authorize the selectmen to borrow money in the anticipation of taxes.

ART. 11 On request of Wallace Butterfield and twenty-two others the following article be inserted in town warrant,
To see if the town will appropriate the sum of twelve hundred dollars for filling, grading and surfacing one mile of the old Manchester road beginning at Goulds corner, provided the State will contribute the allotted amount therefor.

ART. 12 On request of Asbury Small and sixteen others the following article be inserted in town warrant,

To see if the town will raise and appropriate the sum of fifty dollars for the purpose of erecting suitable signs one at each of the two approaches to the village where the South side Boulevard leaves its former location designating the direction of Raymond village and that the said village contains good Stores, Restaurants, Shoe Shops, etc., and that visitors are welcome.

ART. 13 To see if the town will vote to raise and appropriate money, to install a street light on the plains so-called, near the residence of Ralph Willoughby.

ART. 14 To see what action the town will vote to take in regards to water bonds that come due July 1, 1933.

ART. 15 To see if the town will vote to raise and appropriate such amounts for State Highways as required by the New Hampshire State Highway Department.

ART. 16 On request of Roscoe Nowell and eleven others the following article be inserted in town warrant,

To see what sum of money the town will vote to raise and appropriate for the purpose of joining with the State, in the

reconstruction of the Onaway Lake Road, leading from Griffin bridge to East Candia, N. H. or any part thereof, and pass any vote relating thereto.

To transact other business as may legally come before said meeting.

Given under our hands and seal this eighteenth day of February in the year of our Lord, nineteen hundred and thirty-three.

REPORT OF RAYMOND HIGH SCHOOL

To the Superintendent and School Board:

The school year started with an enrollment of 71 in the Senior high and 40 in the Junior high. This is the largest high school enrollment the school has had and includes tuition pupils from Auburn, Candia, Chester, Deerfield, Nottingham and Sandown.

A school library has been opened this year and has proven of value. The reference books have been collected and catalogued, and several have been loaned by the teachers. The students and faculty pay for a few papers and magazines, which are especially useful to the English, history and agriculture courses. More reference books and magazines needed, and the gift of magazine subscriptions or recent used numbers, especially the non-fiction magazines, would be appreciated.

Last year the debating team had a very successful season, finishing second in the state. This year the question being debated is of interest to all, being taxation. The league sponsored by the University of New Hampshire has been abandoned but a new league has been organized by Bates College.

The agriculture department is to be congratulated on two outstanding achievements, winning the Sweepstakes Cup, on all types of exhibits, at Hopkinton Fair, and winning the cup for the best five plates of eggs at the Concord Egg and Chick Show. The true value of such a course, however, is not in winning prizes but in training students. Anyone who has seen the practical projects carried on by the pupils in this course must see that it is really training for an occupation.

This year a new system of notifying parents of pupils who are failing in one or more courses has been adopted. This is of value only in so far as it results in close cooperation be-

tween teachers and parents. In several cases this year this cooperation has resulted in marked improvement of pupils' work. It is to be hoped that more parents will work with the teachers in the attempt to reduce the number of subject failures to the minimum. Only through complete understanding and team work on the part of pupils, parents and teachers can the school be of fullest value to the pupils and the community.

Respectfully submitted,

L. P. BAGLEY,
Headmaster.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Raymond:

Herein is submitted my fourth annual report. Attention is called to elementary organization and per pupil costs, high school enrollment and departmental costs, graduation and special activities.

ELEMENTARY ORGANIZATION AND PER PUPIL COSTS

No changes have occurred in the teaching staff since my last report. The retention of experienced teachers has made it possible to accommodate efficiently over forty pupils in some rooms, a combination that would otherwise have necessitated the employment of two inexperienced teachers in the place of one teacher of experience. This policy of retaining experienced teachers has enabled Raymond for several years to keep its elementary per pupil cost more than ten dollars below the median per pupil cost for the state.

Following are the figures for the last three years.

SCHOOL YEAR	1929-30	1930-31	1931-32
Average number of pupils in Raymond elementary schools	161	170	170
Per pupil cost in Raymond.....	\$71.64	\$68.28	\$70.35
Median cost per pupil in the state...	\$84.00	\$83.67	\$82.11

By maintaining for women teachers a salary schedule not exceeding the average for the state and by a reduction recently made in Raymond's equalized valuation the State Aid available in 1933 advances from \$2,229.38 to \$2,548.26.

HIGH SCHOOL ENROLLMENT AND DEPARTMENTAL COSTS

It may be of interest to note that the average membership of your Senior High School has grown in five years from twenty-six to sixty-six pupils. The following table shows the effect of enrollment upon per pupil cost of instruction. For the

year ending last June the cost in Raymond was less than the average in the state.

SCHOOL YEAR	1927-28	1928-29	1929-30	1930-31	1931-32
Average membership in Raymond Senior High School	26	36	44	53	66
Per pupil cost in Raymond High School for instruction only	\$201.63	\$139.10	\$112.07	\$107.02	\$88.89
State average for instruction per pupil in all public high schools....	\$105.73	\$106.98	\$103.58	\$98.93	\$89.79

Since the Junior High School—comprising the Seventh and Eighth Grades—is financially state aided, the following Table includes only the Senior High School. Federal aid for agriculture and tuition receipts have been deducted so that the departmental figure in the last column is approximately the net cost per Raymond pupil.

For the school year 1931-32 the net cost per pupil to the district including all four high school departments was \$85.46.

High school tuition receipts in the above Table represent a conservative estimate. The actual tuition receipts this year will exceed \$2,000. and will equal approximately the annual payment of principal of debt which is \$2,250.

GRADUATION AND SPECIAL ACTIVITIES

In June 1932 a class of twenty-one members was graduated from your High School. Of this number five men and two women are now pursuing courses in New Hampshire University. Another member of the Class plans to enter the University next year.

This graduating class very generously remembered their school with the gift of complete radio equipment including two dynamic speakers, one located in the high school assembly hall and the other in a grade room on the first floor. Through the American School of the Air a thirty-minute period is conducted on school days by experts in one of the departments of geography, history, English literature, foreign languages, science, music or art. Since these broadcasts frequently correlate with our daily program and with the pupils' study and

preparation, they supplement to advantage the routine class work.

Raymond High School was represented this year at the Eastern States Exposition in Springfield by Donald Harmon of the senior class. This is the second year in succession that a pupil from Raymond High School has won first place in the original essay and speaking contest conducted by the State of New Hampshire, and has thus become representative for his state in the Springfield contest. In this year's competition between ten states the awards were made to West Virginia first, Ohio second, New Hampshire third, and New York State fourth.

I wish particularly to call attention to the report of your school nurse, Miss Cronin. Circumstances of the present year have rendered her in many ways a community nurse as well as school nurse. She has been exceedingly efficient in securing means and coordinating the efforts of local and outside agencies for community aid.

Headmaster Bagley in his report mentions concisely some of the features giving prominence to your High School among similar schools of the state. These results bespeak the fine spirit of cooperation between the teachers and pupils in all departments.

I note that the Headmaster has modestly omitted any mention of the Raymond Teachers' Club. This organization, like many professional organizations throughout the state, collects from its members one day's wages each month. This sum, amounting for the year to approximately seven hundred dollars, is being expended in cooperation with local officials, the Parent-Teacher Association, Red Cross, lodges, and other agencies in community service.

The Raymond Parent-Teacher Association in cooperation with several local agencies, including some of our traders, is now supplying free milk or other school lunch to children physically in need and financially unable to pay for it. Today official notice has been received that this work has federal rec-

ognition, and that funds for a milk ration for needy children, over a period of ten weeks, are available.

IN CONCLUSION

I wish you to know that the steadfast purpose of the School Board and other citizens to maintain unimpaired the standards of Raymond's schools has been an inspiration to your Superintendent, Principal and teachers.

Respectfully submitted,

GEORGE H. HARMON,
Superintendent.
